LAFAYETTE IMPROVEMENT ASSOCIATION
MINUTES OF JULY 10, 1972

1. The meeting was called to order at 8:20 p.m., with Directors Townley, Heileson, Tatum, Whitten, Seelander, Gilliland, Goodwill, May and Polk present.

2. The Minutes for June 12 were approved as written.

3. The Treasurer's report was approved as follows:

Savings Accounts	
Regular:	$2,201.31
5-3/4% :	1,718.38
Total	3,919.69
Checks on Hand:	162.95
	4,082.64
Commercial Account Total	$401.44
Total all accounts:	$4,484.08

4. Old Business:

(a) The Operation Identification Subgroup of the Liaison Committee is concentrating their efforts in the Springhill Valley area. It is planned to concentrate all of the available markers with John Laker to get this area covered, with the next area to be Silver Springs. LIA will now take over completely the handling of this program, severing the joint Junior C of C/LIA initial arrangement. Bob Gilliland will arrange for the necessary stickers to be printed as well as endeavoring to get the stickers back from the Junior C of C. It was moved and passed that a maximum additional $150 be allocated for this program by LIA -- thus, a total of $281 has now been approved. It was again pointed up by Jim Polk, and all other Directors having had experience with this identification program, that a personal contact must be made to result in effective area coverage -- handbills or local newspaper announcements were not adequate.

(b) Hyde Park School has been approved with rigorous stipulations being attached to the land use permit. It will be necessary, however, to continue following the land use for the remainder of the 64 acres. It was moved and passed that now, since the Hyde Park School would be a reality, a letter be written to the school welcoming it to the city and indicating LIA's willingness to cooperate with them.

(c) Regarding the new Dramateurs marquee, Tom Whitten will contact the Dramateurs and help expedite the approval of same.

5. New Business:

(a) Mt. Diablo and Pleasant Hill Road "used car lot." It was moved and passed that a letter to the Council be written that they take action that would result in the discontinuance of the practice of using the Pleasant Hill Road and Mt. Diablo intersection vacant lot for parking and sales of automobiles.

(b) It was moved and passed that a letter be written to the City Council asking that they contact BART on making the completed but currently unavailable BART parking available for daytime commuter parking until the BART system is in operation.

(c) It was moved and passed that a letter be written to the City Council requesting that the bad dip in Moraga Road exit to Mt. Diablo Blvd. out of the Safeway shopping area be corrected and that the traffic control at that intersection be revised to permit left turns out of Moraga Road from the south onto Mt. Diablo Blvd. to have a priority period over oncoming traffic out of the Safeway shopping area Moraga Road stub.

(d) It was moved and passed that the letters prepared with respect to items (a), (b) and (c) above also be copied to the local newspapers.

(e) The problem of the increasing truck traffic down Moraga Road from the Rheem/Moraga area into Lafayette will be discussed at the next meeting.

(f) Tom Whitten noted that the anticipated final hearing on phone rates will be held September 20 at the United Methodist Church on Moraga Blvd.

(g) LIA will not take a position on the subsidization of the Chamber of Commerce by the City Council.

6. The next meeting of the LIA Directors will be held August 14.

7. Adjournment at 9:45 p.m.

D. Goodwill
